INTRODUCTION

Our yoga website is a place where you can discover the benefits of yoga and mindfulness. With a focus on community, growth, and exploration, we offer a variety of classes and workshops designed to help you find peace, balance, and strength on and off the mat.

Differences between Other Websites and My Website

Factors	Original Website	My Website
Design	Uses bootstrap framework for layout.	Uses CSS Grid layout, Parallax effect and Positioning effect.
HTML and CSS	More complex code structure for styling.	Simple code structure.
Functionality	Online store and classes streaming.	Includes membership and offline schedule classes data only.
Responsive Design	Responsive design for all devices.	Responsive design only for desktops.
Performance	Optimised for speed.	Slow loading due to heavy images.
